

Brothers:

Veterans Day is celebrated to remember the sacrifices Veterans have made to keep us safe and to enjoy freedom here and around the world.

It is the 11th month of the 11th day in the 11th hour each year. This Wednesday, November 11th, let us fly the United States flag as we remember and thank a Veteran. Let us stand strong for peace, love and unity each and every day.

We are encouraging the officers of each of our D6 Chapters to call every Veteran of their chapter, thanking them for their unselfish service to our country.

For member Veterans who have passed let us contact a relative of theirs and tell them that "We will never forget".

Here in my AHEPA Chapter Syracuse 37 we are promoting flying the American flag.

We are proud of our Veterans and I'm very proud to be in your company and the great family of AHEPA.

Sincerely and Fraternaly,

Mike Labatos

D6 Director of Veterans Affairs
